New features of VP-EYE 6.0 - special features for MSN, Skype, Yahoo Messenger and the ability to share video over the network. NetRight Technologies, developer of the VP-EYE 6.0 child security and monitoring system, announced the release of the beta version of the VP-EYE 6.0 program designed to protect children and parents from tracking. The new version of the program implements the ability to protect against tracking through programs from manufacturers MSN, Skype, Yahoo Messenger, AOL and Facebook, as well as video sharing over the network. This will avoid real-time surveillance and get information about the activities of family members without their knowledge.
