Primary ANCA-associated vasculitis (AAV) is a systemic disease characterized by a predominant granulomatous inflammation. Rituximab, a monoclonal antibody directed against the CD20 antigen expressed on B cells, has demonstrated impressive results in the treatment of refractory or relapsed microscopic polyangiitis and granulomatosis with polyangiitis. We present a case of treatment-resistant AAV, with a good treatment response to rituximab and highlight the need for prospective controlled studies.Q: can't update properties on dependency property i'm trying to create a web application in c# using silverlight i want to be able to bind data to some control, and keep updating the value (ex: i have a row of labels control, and i want to change the value of the cell when the user click on a button) as you may already have noticed in the title, i'm trying to update properties inside the DataTemplate of a control the control has a dependency property (like in vb.net) public List RelayCommand { get { return ((List)this.GetValue(RelayListProperty)).Where(Relay.Domain == User.ID).ToList(); } set { var oldValue = this.GetValue(RelayListProperty); this.SetValue(Relay edd6d56e20
