Songwriting, especially while having to work a full time job, doesn't generally give you too much time for the finer things in life, such as sitting around, getting high or playing my tube amp. When you live by your art, sometimes it takes it out. Before I'm done with this review, I'd like to mention that there's a great book out there on the songwriting process for piano players, called "Stitch, Glue and Wonder". It's written by the pianist/singer/songwriter, Bill Frisell. Although it's written for the guitar player, it's not specific to soloists on any instrument. It's a good book, with tips on how to make songs work in my set-up, and over 150 songs with transcriptions. It is very well written, and easy to read. It's on Amazon [HERE](#), and I'd recommend it. Here's my review of the Schallwerke Belair 84 concert grand piano. It cost \$6,000 plus local delivery and that's a pretty good price for a concert grand piano, a Steinway, but it's not perfect. First, let's start with some basic facts about the piano. A concert grand piano is usually equipped with a 32" pre-action damper (more on the damper later) and usually comes standard with a hammer-block action. Full key action, like on an upright, is not generally available on a concert grand, but of course, when you get the price/space deal on a concert, you don't get that key-action, so it'
